XBRL Helpline

XBRL filing for current year so far has been low, due to problems in XBRL conversion faced by our professional friends. Appreciating the problems faced by professionals in XBRL conversion, MCA has extended the last date of XBRL filings to January 15, 2012 or within 30 days of AGM of the Company whichever is later.

To assist our professional friends in XBRL filings, Voice of CA in association with NextGen has started an "XBRL Helpline". Please contact for free assistance between 2:00 pm to 5:00 pm on Tuesday and Saturday:
