CHAPTER 1: INTENT AND OBJECTIVE

1.1 INTENT AND OBJECTIVE

1.1.1 It is the intent and objective of the Government to promote foreign direct investment through a policy framework which is transparent, predictable, simple and clear and reduces regulatory burden. The system of periodic consolidation and updation is introduced as an investor friendly measure.

1.1.2 'Investment' is usually understood as financial contribution to the capital of an enterprise or purchase of shares in the enterprise. 'Foreign investment' is investment in an enterprise by a Non-Resident irrespective of whether this involves new capital or re-investment of earnings. Foreign investment is of two kinds – (i) Foreign Direct Investment (FDI) and (ii) Foreign Portfolio Investment.

1.1.3 International Monetary Fund (IMF) and Organization for Economic Cooperation and Development(OECD) define FDI similarly as a category of cross border investment made by a resident in one economy (the direct investor) with the objective of establishing a 'lasting interest' in an enterprise (the direct investment enterprise) that is resident in an economy other than that of the direct investor. The motivation of the direct investor is a strategic long term relationship with the direct investment enterprise to ensure the significant degree of influence by the direct investor in the management of the direct investment enterprise. Direct investment allows the direct investor to gain access to the direct investment enterprise which it might otherwise be unable to do. The objectives of direct investment are different from those of portfolio investment whereby investors do not generally expect to influence the management of the enterprise. In the Indian context, FDI is defined in Para 2.1.12 of this Circular.

1.1.4 It is the policy of the Government of India to attract and promote productive FDI in activities which significantly contribute to industrialization and socio-economic development. FDI supplements domestic capital and technology.

1.1.5 **The Legal basis:** Foreign Direct Investment by non-resident in resident entities through transfer or issue of security to person resident outside India is a 'Capital account

transaction' and is regulated under FEMA, 1999 and its regulations. Keeping in view the current requirements, the Government from time to time comes up with new regulations and amendments/changes in the existing ones through order/allied rules, Press Notes, etc. The Department of Industrial Policy and Promotion (DIPP), Ministry of Commerce & Industry, Government of India makes policy pronouncements on FDI through Press Notes/ Press Releases which are notified by the Reserve Bank of India as amendment to notification No.FEMA 20/2000-RB dated May 3, 2000. These notifications take effect from the date of issue of Press Notes/ Press Releases, unless specified otherwise therein. The procedural instructions are issued by the Reserve Bank of India vide A.P.Dir. (series) Circulars. The regulatory framework over a period of time thus consists of Acts, Regulations, Press Notes, Press Releases, Clarifications, etc.

1.1.6 The Circular 1 of 2010 issued by this Department on 31st March 2010 and consolidated into one document all the prior policies/regulations on FDI which are contained in FEMA, 1999, RBI Regulations under FEMA, 1999 and Press Notes/Press Releases/Clarifications issued by DIPP and reflected the current policy framework on FDI.. The present consolidation subsumes and supersedes all Press Notes/Press Releases/Clarifications/ Circulars issued by DIPP, which were in force as on September 30th, 2010, and reflects the FDI Policy as on October 1st, 2010. This Circular accordingly will take effect from October 1, 2010. Its next revision will be published on 31.03.2011.

1.1.7 Notwithstanding the rescission of earlier Press Notes/Press Releases/Clarifications/Circulars, anything done or any action taken or purported to have been done or taken under the rescinded Press Notes/Press Releases/Clarifications/Circulars prior to October 1, 2010 shall, in so far as it is not inconsistent with those Press Notes/Press Releases/Clarifications/Circulars, be deemed to have been done or taken under the corresponding provisions of this circular and shall be valid and effective.

1.1.8 While this circular consolidates FDI Policy Framework, the legal edifice is built on notifications issued by RBI under FEMA. Therefore, any changes notified by RBI from time to time would have to be complied with and where there is a need / scope of interpretation, the relevant FEMA notification will prevail.

1.1.9 Reference to any statute or legislation made in this Circular shall include reference to any modifications, amendments or re-enactments thereof.

3.5.2 **Prior permission of RBI for Rights issue to erstwhile OCBs-** OCBs have been de-recognised as a class of investors from September 16, 2003. Therefore companies desiring to issue rights share to such erstwhile OCBs will have to take specific prior

Approval of the Foreign Investment Promotion Board (FIPB) will also be a prerequisite for investment by swap of shares.

CHAPTER 4: CALCULATION, ENTRY ROUTE, CAPS, ENTRY CONDITIONS, ETC. OF INVESTMENT

4.1 CALCULATION OF TOTAL FOREIGN INVESTMENT I.E. DIRECT AND INDIRECT FOREIGN INVESTMENT IN INDIAN COMPANIES.

4.1.1 Investment in Indian companies can be made both by non-resident as well as resident Indian entities. Any non-resident investment in an Indian company is direct foreign investment. Investment by resident Indian entities could again comprise of both resident and non-resident investment. Thus, such an Indian company would have indirect foreign investment if the Indian investing company has foreign investment in it. The indirect investment can also be a cascading investment i.e. through multi-layered structure.

4.1.2 For the purpose of computation of indirect Foreign investment, Foreign Investment in Indian company shall include all types of foreign investments i.e. FDI; investment by FIIs(holding as on March 31); NRIs; ADRs; GDRs; Foreign Currency Convertible Bonds (FCCB); fully, compulsorily and mandatorily convertible preference shares and fully, compulsorily and mandatorily convertible Debentures regardless of whether the said investments have been made under Schedule 1, 2, 3 and 6 of FEMA (Transfer or Issue of Security by Persons Resident Outside India) Regulations.

4.1.3 Guidelines for calculation of total foreign investment i.e. direct and indirect foreign investment in an Indian company.

- (i) **Counting the Direct Foreign Investment:** All investment directly by a non-resident entity into the Indian company would be counted towards foreign investment.
- (ii) **Counting of indirect foreign Investment:**
 - (a) The foreign investment through the investing Indian company would not be considered for calculation of the indirect foreign investment in case of Indian companies which are ‘owned **and** controlled’ by resident Indian citizens and/or Indian Companies which are owned and controlled by resident Indian citizens .
 - (b) For cases where condition (a) above is not satisfied or if the investing company is owned **or** controlled by ‘non resident entities’, the entire investment by the

investing company into the subject Indian Company would be considered as indirect foreign investment,

Provided that, as an exception, the indirect foreign investment in only the 100% owned subsidiaries of operating-cum-investing/investing companies, will be limited to the foreign investment in the operating-cum-investing/ investing company. This exception is made since the downstream investment of a 100% owned subsidiary of the holding company is akin to investment made by the holding company and the downstream investment should be a mirror image of the holding company. This exception, however, is strictly for those cases where the entire capital of the downstream subsidy is owned by the holding company.

Illustration

To illustrate, if the indirect foreign investment is being calculated for Company X which has investment through an investing Company Y having foreign investment, the following would be the method of calculation:

(A) where Company Y has foreign investment less than 50%- Company X would not be taken as having any indirect foreign investment through Company Y.

(B) where Company Y has foreign investment of say 75% and:

(I) invests 26% in Company X, the entire 26% investment by Company Y would be treated as indirect foreign investment in Company X;

(II) Invests 80% in Company X, the indirect foreign investment in Company X would be taken as 80%

(III) where Company X is a wholly owned subsidiary of Company Y (i.e. Company Y owns 100% shares of Company X), then only 75% would be treated as indirect foreign equity and the balance 25% would be treated as resident held equity. The indirect foreign equity in Company X would be computed in the ratio of 75: 25 in the total investment of Company Y in Company X.

(iii)The total foreign investment would be the sum total of direct and indirect foreign investment.

(iv) The above methodology of calculation would apply at every stage of investment in Indian Companies and thus to each and every Indian Company.

(v) Additional conditions:

(a) The full details about the foreign investment including ownership details etc. in Indian company(s) and information about the control of the company(s) would be

- furnished by the Company(s) to the Government of India at the time of seeking approval.
- (b) In any sector/activity, where Government approval is required for foreign investment and in cases where there are any *inter-se* agreements between/amongst share-holders which have an effect on the appointment of the Board of Directors or on the exercise of voting rights or of creating voting rights disproportionate to shareholding or any incidental matter thereof, such agreements will have to be informed to the approving authority. The approving authority will consider such *inter-se* agreements for determining ownership and control when considering the case for granting approval for foreign investment.
- (c) In all sectors attracting sectoral caps, the balance equity i.e. beyond the sectoral foreign investment cap, would specifically be beneficially owned by/held with/in the hands of resident Indian citizens and Indian companies, owned and controlled by resident Indian citizens.
- (d) In the I& B and Defence sectors where the sectoral cap is less than 49%, the company would need to be ‘owned **and** controlled’ by resident Indian citizens and Indian companies, which are owned and controlled by resident Indian citizens.
- (A) For this purpose, the equity held by the largest Indian shareholder would have to be at least 51% of the total equity, excluding the equity held by Public Sector Banks and Public Financial Institutions, as defined in Section 4A of the Companies Act, 1956. The term ‘largest Indian shareholder’, used in this clause, will include any or a combination of the following:
- (I) In the case of an individual shareholder,
- (aa) The individual shareholder,
- (bb) A relative of the shareholder within the meaning of Section 6 of the Companies Act, 1956.
- (cc) A company/ group of companies in which the individual shareholder/HUF to which he belongs has management and controlling interest.
- (II) In the case of an Indian company,
- (aa) The Indian company
- (bb) A group of Indian companies under the same management and ownership control.

- (B) For the purpose of this Clause, “Indian company” shall be a company which must have a resident Indian or a relative as defined under Section 6 of the Companies Act, 1956/ HUF, either singly or in combination holding at least 51% of the shares.
- (C) Provided that, in case of a combination of all or any of the entities mentioned in Sub-Clauses (i) and (ii) of clause 4.1.3(v)(d)(1) above, each of the parties shall have entered into a legally binding agreement to act as a single unit in managing the matters of the applicant company.
- (e) If a declaration is made by persons as per section 187C of the Indian Companies Act about a beneficial interest being held by a non resident entity, then even though the investment may be made by a resident Indian citizen, the same shall be counted as foreign investment.

4.1.4 The above mentioned policy and the methodology would be applicable for determining the total foreign investment in all sectors, excepting in sectors where it is governed specifically under any statutes or rules there under. The above methodology of determining direct and indirect foreign investment therefore does not apply to the Insurance Sector which will continue to be governed by the relevant Regulation.

4.1.5 Any foreign investment already made in accordance with the guidelines in existence prior to February 13, 2009 (date of issue of Press Note 2 of 2009) would not require any modification to conform to these guidelines. All other investments, past and future, would come under the ambit of these new guidelines.

4.2 ENTRY ROUTES FOR INVESTMENT:

4.2.1 Investments can be made by non-residents in the equity shares/fully, compulsorily and mandatorily convertible debentures/ fully, compulsorily and mandatorily convertible preference shares of an Indian company, through two routes; the Automatic Route and the Government Route. Under the Automatic Route, the non-resident investor or the Indian company does not require any approval from the RBI or Government of India for the investment. Under the Government Route, prior approval of the Government of India through Foreign Investment Promotion Board (FIPB) is required. Proposals for foreign investment under Government route as laid down in the FDI policy from time to time, are

considered by the Foreign Investment Promotion Board (FIPB) in Department of Economic Affairs (DEA), Ministry of Finance.

4.2.2 Investment would be subject to the 'Existing Venture/ tie-up condition'³ as defined below:

4.2.2.1 With effect from January 12, 2005 the joint venture agreements are expected to include a 'conflict of interest' clause to determine/ safeguard the interests of joint venture partners in the event of one of the partners desiring to set up another joint venture or a wholly owned subsidiary in the same field of economic activity. The policy is, however, expected to protect the interest of the joint venture partner where the agreement had been entered on/ prior to January 12, 2005.

4.2.2.2 Where a non-resident investor has an existing joint venture/ technology transfer/ trademark agreement, as on January 12, 2005, new proposals in the same field for investment/technology transfer/technology collaboration/trademark agreement would have to be under the Government approval route through FIPB/ Project Approval Board. The onus to provide requisite justification that the new proposal would not jeopardize the existing joint venture or technology transfer/ trademark partner, would lie equally on the non-resident investor/ technology supplier and the Indian partner.

4.2.2.3 The following investments, however, will be exempt from the requirement of Government approval even though the non-resident investor may be having a joint venture or technology transfer/ trademark agreement in the same field:

- (a) Investments to be made by Venture Capital Fund registered with the Securities and Exchange Board of India (SEBI); or
- (b) Investments by Multinational Financial Institutions like Asian Development Bank(ADB), International Finance Corporation(IFC), Commonwealth Finance Corporation (CDC), Deutsche Entwicklungs Gescellschaft (DEG) etc.; or
- (c) where in the existing joint venture, investment by either of the parties is less than 3 per cent; or
- (d) where the existing joint venture / collaboration is defunct or sick; or

³ DIPP has released a Discussion paper calling for views/suggestions from the stakeholders to review the extant policy on subjecting investment to the 'Existing Venture/ tie-up condition'

(e) for issue of shares of an Indian company engaged in Information Technology sector or in the mining sector, if the existing joint venture or technology transfer / trade mark agreement of the person to whom the shares are to be issued are also in the Information Technology sector or in the mining sector for same area/mineral.

4.2.2.4 For the purpose of 'same' field 4 digit NIC, 1987 Code⁴ will be relevant.

4.2.3 Guidelines for establishment of Indian companies/ transfer of ownership or control of Indian companies, from resident Indian citizens to non-resident entities, in sectors with caps:

In sectors/activities with caps, including *inter-alia* defence production, air transport services, ground handling services, asset reconstruction companies, private sector banking, broadcasting, commodity exchanges, credit information companies, insurance, print media, telecommunications and satellites, Government approval/FIPB approval would be required in all cases where:

- (i) An Indian company is being established with foreign investment and is owned by a non-resident entity or
- (ii) An Indian company is being established with foreign investment and is controlled by a non-resident entity or
- (iii) The control of an existing Indian company, currently owned or controlled by resident Indian citizens and Indian companies, which are owned or controlled by resident Indian citizens, will be/is being transferred/passed on to a non-resident entity as a consequence of transfer of shares and/or fresh issue of shares to non-resident entities through amalgamation, merger/demerger, acquisition etc. or
- (iv) The ownership of an existing Indian company, currently owned or controlled by resident Indian citizens and Indian companies, which are owned or controlled by resident Indian citizens, will be/is being transferred/passed on to a non-resident entity as a consequence of transfer of shares and/or fresh issue of shares to non-resident entities through amalgamation, merger/demerger, acquisition etc.
- (v) It is clarified that these guidelines will not apply for sectors/activities where there are no foreign investment caps, that is, 100% foreign investment is permitted under the automatic route.

⁴ NIC Codes are available at <http://siadipp.nic.in/policy/nic/nic.htm>

(vi) It is also clarified that Foreign investment shall include all types of foreign investments i.e. FDI, investment by FIIs, NRIs, ADRs, GDRs, Foreign Currency Convertible Bonds (FCCB) and fully, mandatorily & compulsorily convertible preference shares/debentures, regardless of whether the said investments have been made under Schedule 1, 2, 3 and 6 of FEMA (Transfer or Issue of Security by Persons Resident Outside India) Regulations.

4.3 CAPS ON INVESTMENTS

4.3.1 Investments can be made by non-residents in the capital of a resident entity only to the extent of the percentage of the total capital as provided/permitted in the FDI policy. Thus while investment are prohibited in some sectors/activities, there are restrictions/conditions/caps on the investment in certain other sector/activities. The caps in various sector(s)/activity are detailed out in Chapter 5 of this circular.

4.4 ENTRY CONDITIONS ON INVESTMENT

4.4.1 Investments can be permitted to be made by non-residents in the capital of a resident entity in certain sectors/activity with entry conditions. These entry conditions would be applicable for investment only by non-resident entities. Such conditions may include norms for minimum capitalization, lock-in period, etc. The entry conditions in various sectors/activities are detailed in Chapter 5 of this circular.

4.5 OTHER CONDITIONS ON INVESTMENT BESIDES ENTRY CONDITIONS

4.5.1 Besides the entry conditions on foreign investment, the investment/investors need to conform to all relevant sectoral laws, regulations, rules etc.

4.5.2 The national security/internal security related conditions as contained in relevant statutes or notifications of the Government will also have to be complied with.

4.5.3 The State Governments/Union Territories have regulations in relations to the subjects in their legislative domain. These conditions also have to be met/complied with.

4.6 DOWNSTREAM INVESTMENT BY INDIAN COMPANIES

4.6.1 The Policy for downstream investment by Indian companies seeks to lay down and clarify about compliance with the Foreign investment norms on entry route, conditionalities and sectoral caps. The 'guiding principle' is that downstream investment by companies

‘owned’ or ‘controlled’ by non resident entities would require to follow the same norms as a direct foreign investment i.e. only as much can be done by way of indirect foreign investment through downstream investment in Para 4.1 as can be done through direct foreign investment and what can be done directly can be done indirectly under same norms.

4.6.2 The Guidelines for calculation of total foreign investment, both direct and indirect in an Indian company, at every stage of investment, including downstream investment, have been detailed in Para 4.1 which enables determination of total foreign investment in any/all Indian Companies.

4.6.3 For the purpose of this chapter,

- (i) ‘Operating Company’ is an Indian company which is undertaking operations in various economic activities and sectors.
- (ii) ‘Downstream investment’ means indirect foreign investment by one Indian company into another Indian company by way of subscription or acquisition in terms of Para 4.1. Para 4.1.3 provides the guidelines for calculation of indirect foreign investment with conditions specified in para 4.1.3 (v).
- (iv) ‘Foreign Investment’ would have the same meaning as in Para 4.1

4.6.4 Guidelines for foreign investment into investing companies /downstream investment by Indian Companies ‘owned and/or controlled by non resident entities’ as per Para 4.1:

The Policy on downstream investment comprises policy for (i) only operating companies (ii) operating-cum-investing companies (iii) only investing companies as below:

- (i) Only operating companies: Foreign investment in such companies would have to comply with the relevant sectoral conditions on entry route, conditionalities and caps with regard to the sectors in which such companies are operating.
- (ii) Operating-cum-investing companies:
 - (a) Foreign investment into such companies would have to comply with the relevant sectoral conditions on entry route, conditionalities and caps with regard to the sectors in which such companies are operating.

(b) Further, the subject Indian companies into which downstream investments are made by such companies would have to comply with the relevant sectoral conditions on entry route, conditionalities and caps in regard of the sector in which the subject Indian companies are operating.

(iii) Investing companies:

(a) Foreign Investment in Investing Companies will require the prior Government/FIPB approval, regardless of the amount or extent of foreign investment.

(b) The Indian companies into which downstream investments are made by such investing companies would have to comply with the relevant sectoral conditions on entry route, conditionalities and caps in regard of the sector in which the subject Indian companies are operating.

4.6.5 For infusion of foreign investment into such companies which do not have any operations and also do not have any downstream investments, Government/FIPB approval would be required, regardless of the amount or extent of foreign investment. Further, as and when such company commences business(s) or makes downstream investment it will have to comply with the relevant sectoral conditions on entry route, conditionalities and caps.

4.6.6. For Operating-cum- investing companies and investing companies (Para 4.6.4) and for companies as per para 4.6.5 above, downstream investments can be made subject to the following conditions:

(i) Such company is to notify SIA, DIPP and FIPB of its downstream investment in the form available at <http://www.fipbindia.com/portal/forms/FIPB%20Application%20Form%20for%20Press%20Note%204%20of%202009.doc> within 30 days of such investment even if capital instruments have not been allotted along with the modality of investment in new/existing ventures (with/without expansion programme);

(ii) downstream investment by way of induction of foreign equity in an existing Indian Company to be duly supported by a resolution of the Board of Directors supporting the said induction as also a shareholders Agreement if any;

(iii) issue/transfer/pricing/valuation of shares shall be in accordance with applicable SEBI/RBI guidelines;

(iv) For the purpose of downstream investment, the operating cum investing companies and the investing companies would have to bring in requisite funds from abroad and not leverage funds from domestic market for such investments. This would, however, not preclude downstream operating companies from raising debt in the domestic market. Downstream investments through internal accruals are permissible, subject to provisions of para 4.6.4.

4.7 GUIDELINES FOR CONSIDERATION OF FDI PROPOSALS BY FIPB:

4.7.1 The following guidelines are laid down to enable the FIPB to consider the proposals for FDI and formulate its recommendations.
