- If an egg is broken by outside force, life ends and if broken by inside force, life begins. Great things always begin from inside, trust yourself.

NOBODY CAN CHANGE DESTINY

Death came to a guy and said, "My friend today is your day"

Guy: "But I am not ready!"

Then death said, "Well your name is the next on my list".

Guy: "Okay why don't u take a seat and I will get u something to eat before we go?"

Then death said, "All right"

The guy gave death some food with sleeping pills in it, death finished eating and fell into a deep sleep.

The guy took the list & removed his name from top of the list and put into the bottom of the list...

When death woke up he said to the guy, "Because u have been so very nice to me, I will start from the BOTTOM of the list

THE REAL TEST

One day a known person approached *Chanakya* and enthusiastically started saying, “Do you know, just a while ago, I heard few things from your friend about you?”

Chanakya was famous for his wisdom, knowledge and good behaviour. He said to his known person, “Before I listen to what you have to say, I would like to test it through my three step testing.”

“What is this three step test?” the person asked.

Chanakya made him understand, “Before you tell me about what my friend has said, let us test it. I call this testing – a three step test. The first test is of truth-ness. Is it sure that whatever you are going to say is a truth?”

“No”, the person says, “I have heard it from somewhere.”

“Okay”, *Chanakya* analyzed. “If you don’t know whether this is truth or not, we will do another test. The second test is for goodness. Are you going to tell me some good thing about my friend?”

“No, it’s opposite to it....”

“Then”, *Chanakya* asked further. “Whatever you are going to say, is not the truth, is not positive about my friend then let us do the third test. The third test is of usefulness. Whatever you are going to tell me, is that useful to me?”

“No, it’s not like that.”

Chanakya then said the last thing.

“Whatever you are supposed to tell me, it is not true, it is not positive and it is not useful also, then why you want to tell me?”

MORAL

ENJOYMENT MAKES LIFE HAPPY

A lady was walking down the street when she was accosted by a particularly dirty and shabby-looking homeless woman who asked her for a couple of dollars for dinner.

She took out her wallet, got out ten dollars and asked, "If I give you this money, will you buy wine with it instead of dinner?"

"No, I had to stop drinking years ago", the homeless woman told her.

"Will you use it to go shopping instead of buying food?" the lady asked.

"No, I don't waste time shopping," the homeless woman said.

"I need to spend all my time trying to stay alive."

"Will you spend this on a beauty salon instead of food?"

"Are you NUTS!" replied the homeless woman. "I haven't had my hair done in 20 years!"

"Well, I'm not going to give you the money. Instead, I'm going to take you out for dinner with my husband and me tonight." The homeless Woman was shocked, "Won't your husband be furious with you for doing that? I know I'm dirty, and I probably smell pretty disgusting."

The lady said, "That's okay. It's important for him to see what a woman looks like after she has given up shopping, hair appointments, and wine."

GIFT OF TIME

One day when a businessman came back to his home from the office, his five-year-old son was waiting for him at the door. The father went inside, relaxed and had a cup of tea. The son then asked his father, "Father, I would like to ask one question to you?"

Father: Yes son, you can ask.

Son: Father, Can you tell me how much you earn in an hour?

Father: How is it concerned to you? Why are you asking for these details?

Son: I had a feeling to know that. Please father, tell me how much you earn in an hour?

Father: If you are so eager to know then let me tell you that I earn 200 rupees per hour.

Son: Oh! That's great father. Can you give me 100 rupees?

Father did not like this and refused the money. He got angry on this behaviour of his son. He did not want to waste his hard earned money like this. The boy went to his room.

The father went ahead and rested for some time, had dinner and watched television. When his anger vanished, he thought about his son and his dialogue that they had today. He wondered that my son don't ever ask for any money, it might be something very important.

So he went to his son's room. His son was reading a book in his bed. The father sat beside him and gave 100 rupees that he demanded. The son thanked him and took out few notes under his pillow. He counted the money and gave it to his father. He said, " Father, here are 200 rupees for you, now can I take your one hour.

The father was amazed with this and realized his duties towards his family.

DEFINITION OF TIME

It looks Slow, When you Wait.

It looks Fast, When you are Afraid.

It looks Long, When you are Sad.

It looks Short, When you are Happy.

It looks Endless, When you are At Pain.

It looks Deadly, When you are Bored.

Time Can Only Be Determined By your Feelings and your Mental Condition, Not By Clocks...

- When you move your focus from competition to contribution, life becomes celebration. Never try to defeat people, just try to win them.
- Relationship is not a business where you give only when you get. But it's a beautiful feeling for someone, where you like to give everything even if you get nothing.

Chintu was flying to Chandigarh from Pune. He was allotted a middle seat but decided to take the window seat instead, which had been allotted to an old lady. The lady requested Chintu to exchange the seats and let her sit on the seat allotted to her. He refused, saying, 'I want to see the view from the window.' The old lady complained to the air hostess who requested Chintu to sit on his allotted middle seat. Chintu was adamant and bluntly refused. The air hostess went up to the co-pilot. He too came and requested, but in vain. Finally, the captain of the aircraft came. He whispered something in Chintu's ears. Chintu immediately vacated the window seat and took the middle seat. Astonished, the air hostess and the co-pilot asked the captain what he had said to Chintu. The captain replied: 'Nothing, I just told him that only the middle seats will go to Chandigarh. All others were going to Jalandhar.'

MARKS OF FOOTSTEPS

One person died. He went to heaven and met God. God showed him his entire life and the incidents happened at various stages in his life. The man observed everything very carefully and said, "GOD! You promised to stay with me in my materialistic life at world. But I have observed that there is two pair of foot marks at all places and times I have been through whereas there is only one pair of foot marks in most difficult times, when I needed you the most. Why did you leave me alone in that difficult period?"

God smiled and answered, "Son! How could you even think that I can leave you alone in the most difficult times? That one pair of footmark is because I held you in my arms, close to my heart."

MORAL:

Trust and faith in god help us to over come the difficult times.

- Never underestimate the pain of a person because truth is that everyone is struggling and it's just that some people hide it better than others.
- Life is best for those who are enjoying it, difficult for those who are analyzing it and worst for those who are criticizing it, so attitude defines our lives.

THE CARPENTER

An elderly carpenter was ready to retire. He told his employer of his plans to leave the house building business and live a more leisurely life with his wife enjoying his extended family. He would miss the paycheck, but he needed to retire.

The contractor was sorry to see his good worker go and asked if he could build just one more house as a personal favor. The carpenter said yes, but in time it was easy to see that his heart was not in his work. He resorted to shoddy workmanship and used inferior materials. It was an unfortunate way to end his career.

When the carpenter finished his work and the builder came to inspect the house, the contractor handed the front-door key to the carpenter. "This is your house," he said, "my gift to you."

What a shock! What a shame! If he had only known he was building his own house, he would have done it all so differently. Now he had to live in the home he had built none too well.

WHAT WILL PEOPLE SAY,
ABRAHAM LINCOLN!

There was one man in this world, who believed in all that has been said above, and who became a “lighthouse” for millions of stressful people who followed him. His name was Abraham Lincoln. His resume is as follows:

Age.22, failed in business.

Age.23, ran for legislature and was defeated

Age 24, failed again in business.

Age.25, elected to legislature

Age 26, sweetheart died.

Age 27, had a nervous breakdown.

Abraham Lincoln did not bother what people said about him when he failed. Even when he became the President, people still criticized him but instead of becoming stressful, he expressed this deathless line:

“No man is good enough to be President but someone has to be.”

WISH OF A MARRIED COUPLE !

A married couple, both 60 years old, was celebrating their 35th anniversary. During their party, a fairy appeared to congratulate them and grant them each one a wish. The wife wanted to travel around the world. The fairy waved her wand and poof -- the wife had tickets in her hand for a world cruise. Next, the fairy asked the husband what he wanted. He said, "I wish I had a wife 30 years younger than me." So the fairy picked up her wand and poof -- the husband was 90.

JUDGE YOURSELF!

Once upon a time there was a painter who had just completed his course. He took 3 days and painted beautiful scenery. He wanted the opinion of people about his calibre and painting skills.

He put his creation at a busy street-crossing. And just down below a board which read -"I have painted this piece. Since I'm new to this profession I might have committed some mistakes in my strokes etc. Please put a cross wherever you see a mistake." While he came back in the evening to collect his painting he was completely shattered to see that whole canvass was filled with Xs (crosses) and some people had even written their comments on the painting.

Disheartened and broken completely he ran to his master's place and burst into tears.

This young artist was breathing heavily and master heard him saying "I'm useless and if this is what I have learnt to paint I'm not worth becoming a painter. People have rejected me completely. I feel like dying" Master smiled and suggested "My Son, I will prove that you are a great artist and have learnt flawless painting. Do as I say without questioning it. It will work."

Young artist reluctantly agreed and two days later early morning he presented a replica of his earlier painting to his master. Master took that gracefully and smiled.

"Come with me." master said.

They reached the same street-square early morning and displayed the same painting exactly at the same place. Now master took out another board which read -"Gentlemen, I have painted this piece. Since I'm new to this profession I might have committed some mistakes in my strokes etc. I have put a box with colors and brushes just below. Please do a favor. If you see a mistake, kindly pick up the brush and correct it."

Master and disciple walked back home.

They both visited the place same evening. Young painter was surprised to see that actually there was not a single correction done so far. Next day again they visited and found painting remained untouched. They say the painting was kept there for a month for no correction came in!

So to my three most trusted friends, you three of course, I am leaving 50,000 dollars in these envelopes. When I die you must come to my funeral and put the envelopes in my coffin with me." The man handed the three men identical envelopes. A day later they each received news that the old man had died. So each knew they must go to his funeral and fulfill his death wish. Standing over the coffin one week later the pastor confessed, "I can't hide what I've done. I took 10,000 dollars from the envelope because the church needed to be painted."

Then as he did so the doctor also started to fidget then finally confessed "I took 30,000 dollars from my envelope because the hospital needed a new wing."

Ten the lawyer said plainly "You bunch of crooks! I wrote him a cheque for the full amount!"

DIFFERENCE IN ATTITUDE

This is a story of two brothers.

One was a drug addict and a drunkard who frequently beat up his family.

The other one was a very successful businessman who was respected in society and in family.

Some people wanted to find out why two brothers from the same parents, brought up in the same environment, could be so different.

The first one was asked, "How come you do what you do? You are a drug addict, a drunk, and you beat your family. What instigates you?"

He said, "My father." They asked, "What about your father?"

The reply was, "My father was a drug addict, a drunk and he beat his family. What do you expect me to be? That is what I am."

They went to the brother who was doing everything right and asked him the same question. "How come you are doing everything right? What is your source of motivation?"

And guess what he said. "My father. When I was a little boy, I used to see my dad drunk and doing all the wrong things. I made up my mind that this is not what I wanted to be."

Both were driving their strength and motivation from the same source, but one was using it positively and the other negatively.

Negative motivation brings the desire to take the easier way which ends up being the tougher way.

AUTOGRAPH YOUR WORK **WITH EXCELLENCE!**

A German once visited a temple under construction where he saw a sculptor making an idol of God. Suddenly he noticed a similar idol lying nearby. Surprised, he asked the sculptor, "Do you need two statues of the same idol?" "No," said the sculptor without looking up, "We need only one, but the first one got damaged at the last stage." The gentleman examined the idol and found no apparent damage. "Where is the damage?" he asked. "There is a scratch on the nose of the idol." said the sculptor, still busy with his work. "Where are you going to install the idol?"

The sculptor replied that it would be installed on a pillar twenty feet high. "If the idol is that far, who is going to know that there is a scratch on the nose?" the gentleman asked... The sculptor stopped his work, looked up at the gentleman, smiled and said, "**I will know it.**"

KILL YOUR EGO

Once there was a scientist. After a lot of practice & efforts, he developed a formula & learned the art of reproducing himself. He did it so perfectly that it was impossible to tell the reproduction from the original.

One day while doing his research, he realized that the Angel of Death was searching for him.

In order to remain alive he reproduced a dozen copies of himself. The reproduction was so similar that all of them looked exactly like him.

Now when this Angel of Death came down, he was at a loss to know which of the thirteen before him was the original scientist, & confused, he left them all alone & returned to heaven.

But, not for long, for being an expert in human nature, the Angel came up with a clever idea.

He said to the scientist addressing all thirteen of them, "Sir, you must be a genius to have succeeded in making such perfect reproduction formula of yourself. However, I have discovered a flaw in your work, just one tiny little flaw."

The scientist immediately jumped out & shouted, "Impossible! Where is the flaw?"

"Right here" said the Angel, as he picked up the scientist from among the reproductions & carried him off.

THE HOUSE OF 1000 MIRRORS...

Long ago in a small, far away village, there was a place known as the House of 1000 Mirrors. A small, happy little dog learned of this place and decided to visit. When he arrived, he bounced happily up the stairs to the doorway of the house. He looked through the doorway with his ears lifted high and his tail wagging as fast as it could. To his great surprise, he found himself staring at 1000 other happy little dogs with their tails wagging just as fast as his. He smiled a great smile, and was answered with 1000 great smiles just as warm and friendly. As he left the house, he thought to himself, "This is a wonderful place. I will come back and visit it often."

In this same village, another little dog, who was not quite as happy as the first one, decided to visit the house. He slowly climbed the stairs and hung his head low as he looked into the door. When he saw the 1000 unfriendly looking dogs staring back at him, he growled at them and was horrified to see 1000 little dogs growling back at him. As he left, he thought to himself, "That is a horrible place, and I will never go back there again."

She hated everyone, except her loving boyfriend. He's always there for her. She said that if she could only see the world, she would marry her boyfriend.

One day, someone donated a pair of eyes to her so that she can see everything, including her boyfriend.

Her boyfriend asked her, "now that you can see the world, will you marry me?" The girl was shocked when she saw that her boyfriend is blind too, and refused to marry him.

Her boyfriend walked away in tears, and later wrote a letter to her saying.

THE VALUE OF TIME

Imagine there is a bank that credits your account each morning with \$86,400.

It carries over no balance from day to day. Every evening deletes whatever part of the balance you failed to use during the day.

What would you do?

Draw out every cent, of course!!!

Each of us has such a bank. Its name is TIME.

Every morning, it credits you with 86,400 seconds. Every night it writes off, as lost, whatever of this you have failed to invest to good purpose. It carries over no balance. It allows no overdraft. Each day it opens a new account for you. Each night it burns the remains of the day. If you fail to use the day's deposits, the loss is yours.

There is no going back. There is no drawing against the "tomorrow". You must live in the present on today's deposits. Invest it so as to get from it the utmost in health, happiness, and success!

The clock is running. Make the most of today.

PROBLEMS DON'T EXIST WITHOUT SOLUTIONS

There was a father who left 17 camels as an asset for his three sons.

When the father passed away, his sons opened up the will. The Will of the father stated that the eldest son should get half of 17 camels while the middle son should be given $\frac{1}{3}$ rd (one-third). The youngest son should be given $\frac{1}{9}$ th (one-ninth) of the 17 camels.

As it is not possible to divide 17 into half or 17 by 3 or 17 by 9, three sons started to fight with each other. So, the three sons decided to go to a wise man.

The wise man listened patiently about the Will.

The wise man, after giving this thought, brought one camel of his own and added the same to 17. That increased the total to 18 camels.

Now, he started reading the deceased father's will.

Half of 18 = 9. So he gave the eldest son 9 camels

$\frac{1}{3}$ rd of 18 = 6. So he gave the middle son 6 camels

$\frac{1}{9}$ th of 18 = 2. So he gave the youngest son 2 camels.

Now add this up: 9 plus 6 plus 2 is 17 and this leaves one camel, which the wise man took away.

Moral: The attitude of negotiation and problem solving is to find the 18th camel i.e. the common ground. Once a person is able to find the 18th ground the issue is resolved. It is difficult at times. However, to reach a solution, the first step is to believe that there is a solution. If we think that there is no solution, we won't be able to reach any!

DON'T CHANGE THE WORLD

Once upon a time, there was a king who ruled a prosperous country. One day, he went for a trip to some distant areas of his country. When he was back to his palace, he complained that his feet were very painful, because it was the first time that he went for such a long trip, and the road that he went through was very rough and stony.

He then ordered his people to cover every road of the entire country with leather. Definitely, this would need thousands of cows' skin, and would cost a huge amount of money.

Then one of his wise servants dared himself to tell the king, "Why do you have to spend that unnecessary amount of money? Why don't you just cut a little piece of leather to cover your feet?"

The king was surprised, but he later agreed to his suggestion, to make a "shoe" for himself.

A SON IS A SON TILL HE GETS A WIFE, A DAUGHTER IS A DAUGHTER ALL HER LIFE

A man is not a father until he has daughter. A couple made a deal the night of their Marriage to NOT open the door of their room to anybody who comes knocking in the morning for any reason! In the morning the parents of the husband came & knocked on the door, the husband & the wife were looking at each other & as they agreed before, they didn't open the door. After a while the parents of the bride came knocking at the door to check on them, the couple were looking at each other, then the bride dropped a tear & started crying she said: "I cannot keep them knocking & not open the door, I miss them already" The husband didn't say anything & he let her open the door for her parents. Years & years passed & the couple had 5 children, the first ones were boys & the 5th was a little girl, when she was born the father was extremely happy that Almighty blessed him with her, & he threw a Huge Party for her in Grand style, people were so amazed with his joy & his happiness that they asked him, why are you so happy with her more than you were before with her older brothers? He answered simply: "She is the one who will open the door for me" Baby girls are the comfort of the eyes of their father! They hold the key to their father's hearts! Daughters are really unique. BLACK BOY AND BALLOON SELLER

Once there was a small black boy. Everybody would tease him for his black colour. Even his mother also would curse her fate that she had so ugly looking child. Due to all this, he used to feel very sad, disappointed and lifeless.

One fine day he was standing by his window looking at other children playing in the ground. Then he saw a balloon seller on a street corner. His eyes sparkled as he gazed at all the different coloured balloons - red, blue, white, green, yellow. The colourful balloons in the sky fascinated him so much that he rushed down the ground and stood near the balloon seller for hours.

The old man selling the balloons saw the boy's hesitation and then the boy gathered his courage and approached. "Tell me mister," said the boy, "Do the black balloons fly as high as the others?" The old man felt a tear forming in his eye. He picked the boy up, sat him on his knee and said, "Look."

He let go of all the balloons. They drifted up in a cluster, higher and higher into the blue sky, until they were so high they disappeared.

"Did you see that?" the balloon seller asked.

"Yes," said the boy.

"Did the black balloons fly as high as the others?"

"Yes, Mister, they did."

"You see my boy, the balloons are like people. The

important thing isn't their colour, or what they look like on the outside. Rather, the important thing is what's inside. And what's inside you, makes all the difference in life."

Listening To Wife Is Like Reading The Terms & Conditions Of Website.

You Understand Nothing, Still You Say

"I Agree".....!!!

IT'S CALLED MINDSET

As my friend was passing the elephants, he suddenly stopped, confused by the fact that these huge creatures were being held by only a small rope tied to their front leg. No chains, no cages. It was obvious that the elephants could, at anytime, break away from the ropes they were tied to but for some reason, they did not. My friend saw a trainer nearby and asked why these beautiful, magnificent animals just stood there and made no attempt to get away.

"Well," he said, "when they are very young and much smaller we use the same size rope to tie them and at that age, it's enough to hold them. As they grow up, they are conditioned to believe they cannot break away. They believe the rope can still hold them, so they never try to break free." My friend was amazed. These animals could at any time break free from their bonds but because they believed they couldn't, they were stuck right where they were.

Like the elephants, how many of us go through life hanging onto a belief that we cannot do something, simply because we failed at it once before? So make an attempt to grow further.... Why shouldn't we try it again?

Your attempt may fail, but never fail to make an attempt

A man checked into a hotel. There was a computer in his room, so he decided to send a mail to his wife. However, he accidentally typed the wrong email address, and without realizing he sent the mail to a widow who has just returned from her husband's funeral. SALUTE TO DOCTORS!

A doctor entered the hospital in hurry after being called in for an urgent surgery. He answered the call as soon as possible, changed his clothes & went directly to the surgery block.

He found the boy's father pacing in the hall waiting for the doctor.

On seeing him, the dad yelled: "Why did you take all this time to come? Don't you know that my son's life is in danger? Don't you have any sense of responsibility?"

The doctor smiled & said: "I am sorry, I wasn't in the hospital & I came as fast as I could after receiving the call..... And now, I wish you'd calm down so that I can do my work"

"Calm down?! What if your son was in this room right now, would you calm down? If your own son dies now what will you do??" said the father angrily

The doctor smiled again & replied: "I will say what Job said in the Holy Book "From dust we came & to dust we return, blessed be the name of God". Doctors cannot prolong lives. Go & pray for your son, we will do our best by God's grace"

"Giving advises when we're not concerned is so easy" Murmured the father.

The surgery took some hours after which the doctor went out happy, "Thank goodness!, your son is saved!" And without waiting for the father's reply he

carried on his way running. "If you have any questions, ask the nurse!"

"Why is he so arrogant? He couldn't wait some minutes so that I ask about my son's state." Commented the father when seeing the nurse minutes after the doctor left.

The nurse answered, tears coming down her face: "His son died yesterday in a road accident, he was at the burial when we called him for your son's surgery. And now that he saved your son's life, he left running to finish his son's burial."

“Yes, I do,” she replied.

The bank asks for Security & the guy hands over the keys & documents of his 7-Series BMW which is parked on the street in front of the bank. After all necessary checks the bank agrees to grant him the loan. The bank's President & all officers enjoy a good "laugh" for the CA, who used a 1 crore BMW as collateral against a Small Loan of Rs. 50000. The car was parked in the banks garage safely. Two months later the guy returns & repays Rs. 50,000 & the interest which comes to Rs. 1250. The loan officer says, Sir we are very happy to do this transaction, but we are a little puzzled, while you were away, we checked you out & found that you are a "MULTIMILLIONAIRE", then why did u bother to borrow 50,000??

The CA replies, where else in Mumbai can I park my car for 2 months for only Rs.1250/- and expect it to be there when I return?? The CA smiles & says, "Pleasure doing Business with you all"
