

# VOICE of CA announces strategic partnership with CallDoc App

24<sup>th</sup> June 2020

Voice of CA, a voluntary organization created with the objective of bringing CA fraternity together, has **joined hands with CallDoc App, a healthcare service of Oncall Medicare Pvt Ltd.**

**This alliance is meant to bring two organizations together for providing high quality health care to VOICE of CA members.**

VOICE OF CHARTERED ACCOUNTANT is a REGD. NGO established as **a platform to protect the rights of its members (CAs) & provides gamut of services, enabling members to better serve their stakeholders & cultivate leadership.**

CallDoc is a Teleconsultation App that is revolutionizing the way people are approaching their health, & medical consultation. Using a secure, easy, and friendly platform, CallDoc connects the patient to the best doctors from various trusted hospitals and clinics in India 24x7 from the comfort of home. It has more than 24 specialties to pick from & consult with. It saves time that is spent in the waiting room and allows patients to do fresh as well as follow up consultations for top doctors for non-emergency conditions.

Under this alliance **CallDoc will provide 24x7 consultation, discount in consultation fees along with several other benefits like discounts on medicines & pathology services to all the prestigious members of VOICE OF CA.** There are also **COVID-19 test which can be easily booked** through the app itself.

*Arun Dagar, Founder & Chief Executive CallDoc app said, "Voice of CA is a very prestigious organization and CallDoc is proud to be associated with it. We would be glad to serve the CA community with best of our abilities. At these times when the world has been swept away by the pandemic, it is important that we as a community join hands and forge partnerships supporting each other"*

Speaking on the **association CA. Sanjay Kumar Agarwal, Founder of Voice of CA said "CallDoc is an extremely helpful service in current times. One of the major benefits of this service in such a covid affected environment is that it allows people to stay at home & not rush unnecessarily to a clinic or hospital and therefore come in contact with other people compromising their safety. We are very happy to provide all our members the facility to Teleconsult from their home through CallDoc."**

Oncall Medicare also has similar collaborations with Govt of NCT, Delhi, AIIMS Rishikesh and Govt of Goa and is serving hundreds of customers on a regular basis through its high quality teleconsultation services.
