

## **Track Your Taxes and TDS Just On A Click: Income Tax Department Launches AIS Application**

The Income Tax Department has launched a Mobile app for Taxpayers to view Annual Information Statements (AIS).

AIS App is a free mobile application, provided by the Income Tax Department, Government of India. The app is meant to provide a comprehensive view of the Annual Information Statement (AIS) which is a collection of various information pertaining to a taxpayer. Taxpayers can provide feedback on the information displayed in AIS.

The taxpayers need to verify their email and mobile as per their profile with OTP and they can set 4 digits PIN. The taxpayers can track their taxes and TDS with just a click.

The AIS information is also accessible through the AIS web portal. There is consistency between the data displayed on the mobile app and the web portal.
